Social Teen Summer 2017

This is a five week teen-aged (ages 13-18) program running on Tuesday afternoons from 12:45-2:00p.m. facilitated by Kristin Normandin, PPC Social Coach. Lonnie R. Ouellette will be available for additional behavioral consultation. It is designed to promote a fun, safe and supportive environment for teens to socialize and spend time during the summer break from school. Our summer programs are also a wonderful opportunity to boost student's confidence and ease the transition from middle to high school, to new schools, and to foster new friendships, etc.

Our simple culinary theme will tie in skills like planning, decision making, teamwork and reaching a group consensus and casual socialization while still keeping the atmosphere light and fun! We can't wait to see this group develop over the summer!

The following themes will be presented during the scheduled weeks: Please note: parents are encouraged to enroll their teen for all 5 weeks as each week's theme builds upon and relates to the previous week.
