Social Branches Program

Social Branches: (Grades 2-6) The Social Branches groups focus on strengthening and deepening the roots of social learning for children in elementary and lower middle school. These facilitated non-clinical social practice groups provide a deliberately unstructured social environment where children are coached at the moment when social challenges occur and are giving new strategies and language to attain, maintain and generalize improved social skills through incidental learning. This group supports children in building social confidence, enhancing communication skills and improving perspective taking, conflict resolution, and problem-solving skills. Participants will be required to demonstrate basic social functioning prerequisite skills that will be assessed at the initial parent meeting prior to participation. Social skills that are practiced and addressed through in-the-moment facilitation include: independent functional, and cooperative peer/group play skills, group skills (active engagement, social reciprocity, following group directions, etc.), social communication skills, socio-emotional skills (e.g. identifying, and expressing feelings, moods, and emotions), promoting self-regulation, and developing community social skills. Facilitated by Donna Shea, B.A.

Sessions Available:

Mondays 4:30-5:45 PM (Grades 5-6)
Tuesdays 4:30-5:45 PM (Grades 3-4)
Wednesdays 4:30-5:45 PM (Grades 4-5)
